Fellow residents of the West Licking Joint Fire District,

Last night voters passed a replacement levy to bring a 2016, three (3) mil levy up to current day value. On behalf of your Fire District, we thank you for your trust and continued support.

Rest assured that we will be watchful of the precious resources you have entrusted the Fire District with. Administration will strive to continue to balance life safety response with fiscal responsibility. The passing of this levy allows more time to research all alternative funding and allow us to travel every avenue for lost revenue recoupment.

We will continue to be transparent with all things District related. Please be on the lookout for further communication from the District.

Yours in service,
